

Enrich your RealNex experience, tap into our value added services.

 <p>On-Boarding & Deployment Our team will work with you to assure your system is set up properly and you can readily navigate to get off to a fast start.</p>	 <p>Data Import & Configuration To accelerate your time to value, let us normalize, scrub and import your data. We'll also work with you to establish system settings and tables to maintain data integrity.</p>	 <p>Custom Branding Your brand is critical, and we can match it precisely. Let our designers embed your look and feel in all of our presentation formats.</p>
 <p>Website Development We know commercial real estate web design and can elevate your presence, SEO and lead generation.</p>	 <p>Reports RealNex comes with scores of standard reports that all adopt your logo and color scheme. Need more? We can craft reports to meet your specific requirements.</p>	 <p>Team Training Tap into our regularly scheduled webinars and embedded Guide Me tools. When you need more, our team will deliver custom online or onsite training.</p>

The customer support you get from RealNex is unbeatable. Any time I call or use the chat room, I have a response immediately or by the end of the business day. They really take good care of you... they really care about you! They take our suggestions seriously. There have been things I wanted added that would make my strategy that much quicker and better and they were able to accommodate me.
